Steve:

Please see the attached aerals. Each looks familiar to me and are likely to have been transmitted to EPA by McKesson or released to a "non-EPA (non-federal) family". I believe each aerial photo is releasable, but take a look.

Gloria,  
As it turns out, I only had one "unsure" email.  
And, as Ken from USGS is included in the cc's, I am converting this from unsure to releasable.

An aerial photograph showing a landscape with a large, cleared, sandy area in the upper left, a road running horizontally across the middle, and a pond in the lower right. The area is surrounded by dense green forest. Two white text labels are overlaid on the image: 'Arkwood Site' and 'U.S. Highway 65'.

Arkwood Site

U.S. Highway 65

Cricket Road

An aerial photograph showing a rural landscape. A dense forest covers most of the area. A road, labeled 'Cricket Road', runs horizontally across the upper middle. Below the road is a cleared, sandy area labeled 'Arkwood Site'. Further down, a school building and its parking lot are labeled 'Omaha Public School'. The school is surrounded by trees and some smaller structures. The bottom left shows a small cluster of houses and more trees.
